# The Smarter Choice for Smart Lighting

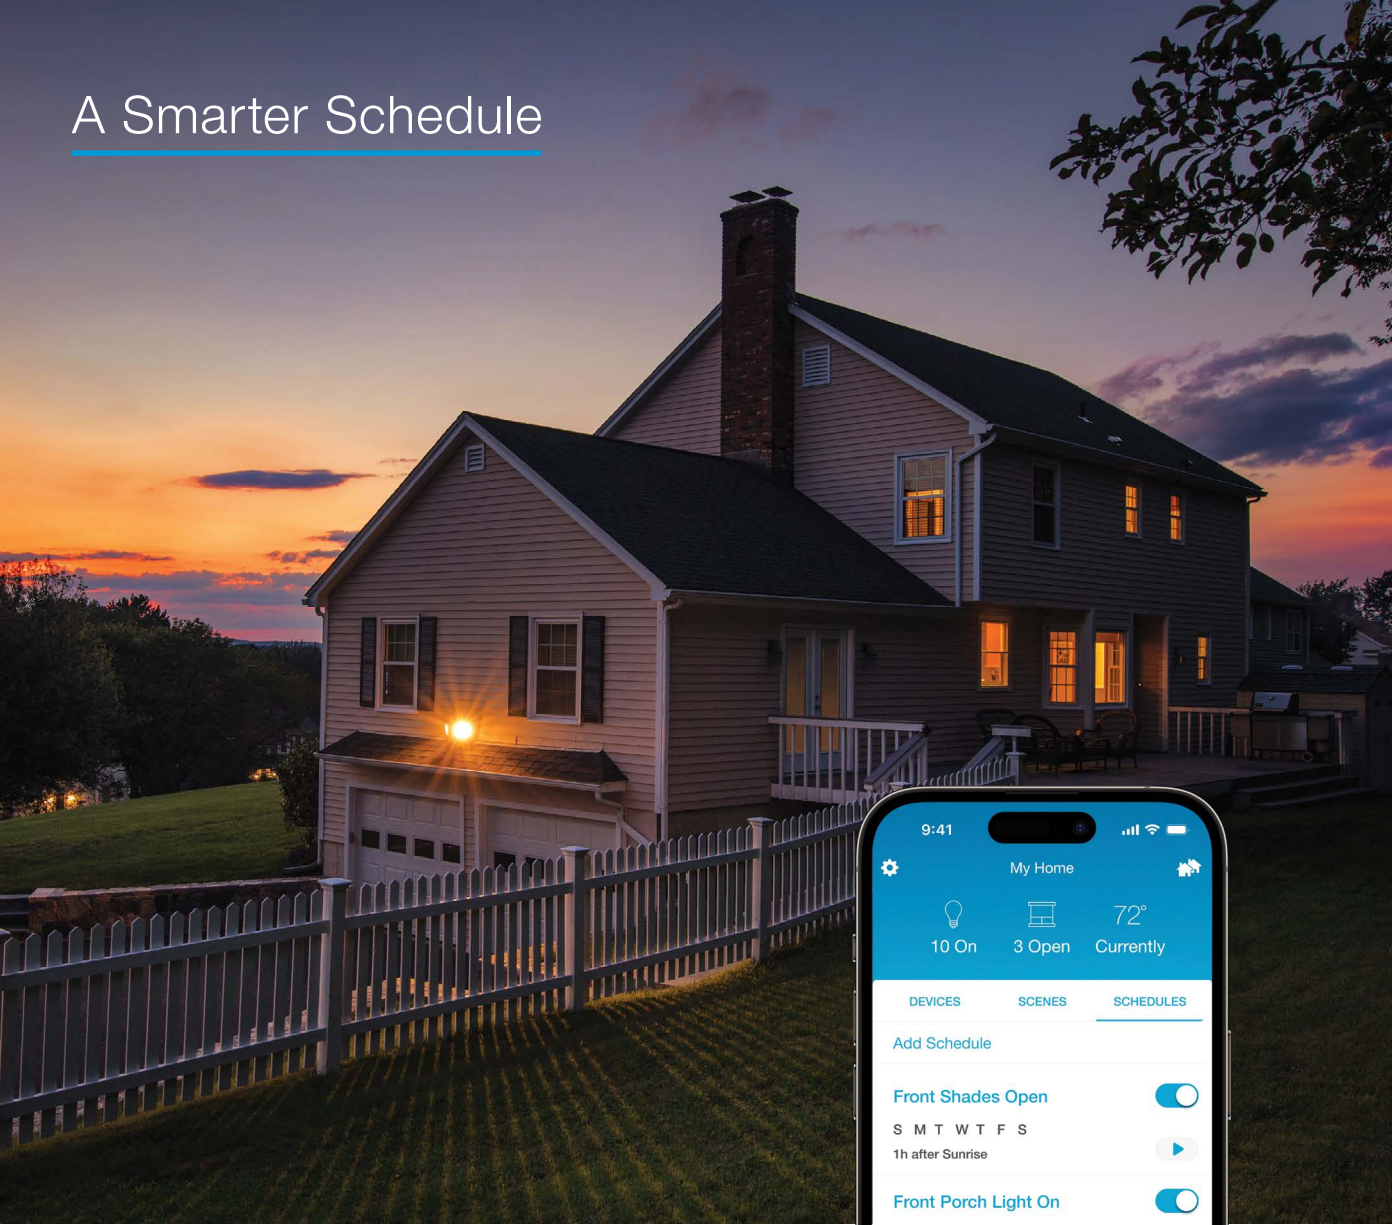

# Simplify Your Life

What if you could always walk into a warmly lit home? Or set your lighting to adjust automatically when the seasons change?

Caséta provides convenient control of your lights by app, Pico smart remote, voice, or at the switch.

# A Smarter Schedule

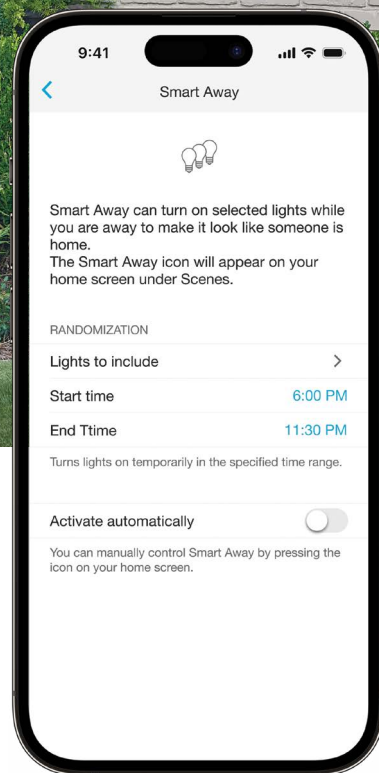

**Hassle-free scheduling.** No rescheduling needed when the seasons change; your lights will automatically adjust.

**Create personalized lighting schedules** for the way you live, so lights turn on/off at a set time or based on sunset and sunrise.

# Appear To Be Home Even When You're Not

**Away on vacation?** Activate Smart Away to randomly turn selected lights on and off throughout the evening, creating the illusion that someone is home.

## Add a Switch Where You Need One

**Mount a Pico smart remote on any surface**—even brick or tile. Put it wherever is most convenient for you. No cutting holes or wiring required.

# Set the Scene

Movie

**Create the right light for nearly any activity.** Group multiple lights and shades and control them together. Save your favorite scenes and activate them with a single touch, from dim lights and closed shades for movie time to focused illumination for game night.

# Hands-Free Control

**Just say the word.** Turn lights on, off, or dim them with a simple voice command. Caséta integrates seamlessly with the most popular smart home brands to give you unified, hands-free home control.

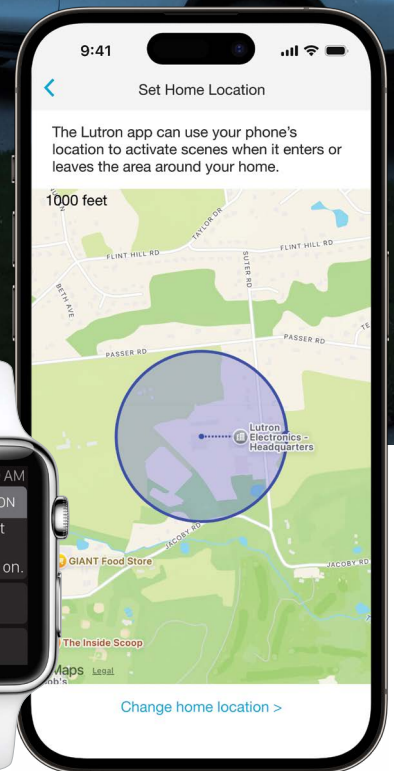

and more...

# Geofencing

## **Control lights based on your location.**

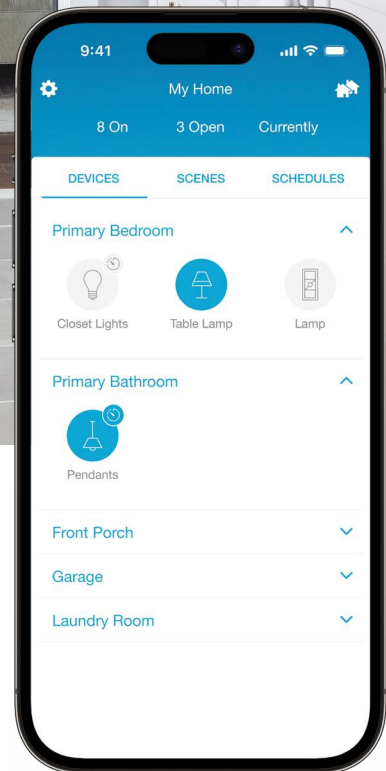

The geofencing feature can turn lights on when you arrive home and will notify you if you've left them on when you leave.

# Auto-Off Timer

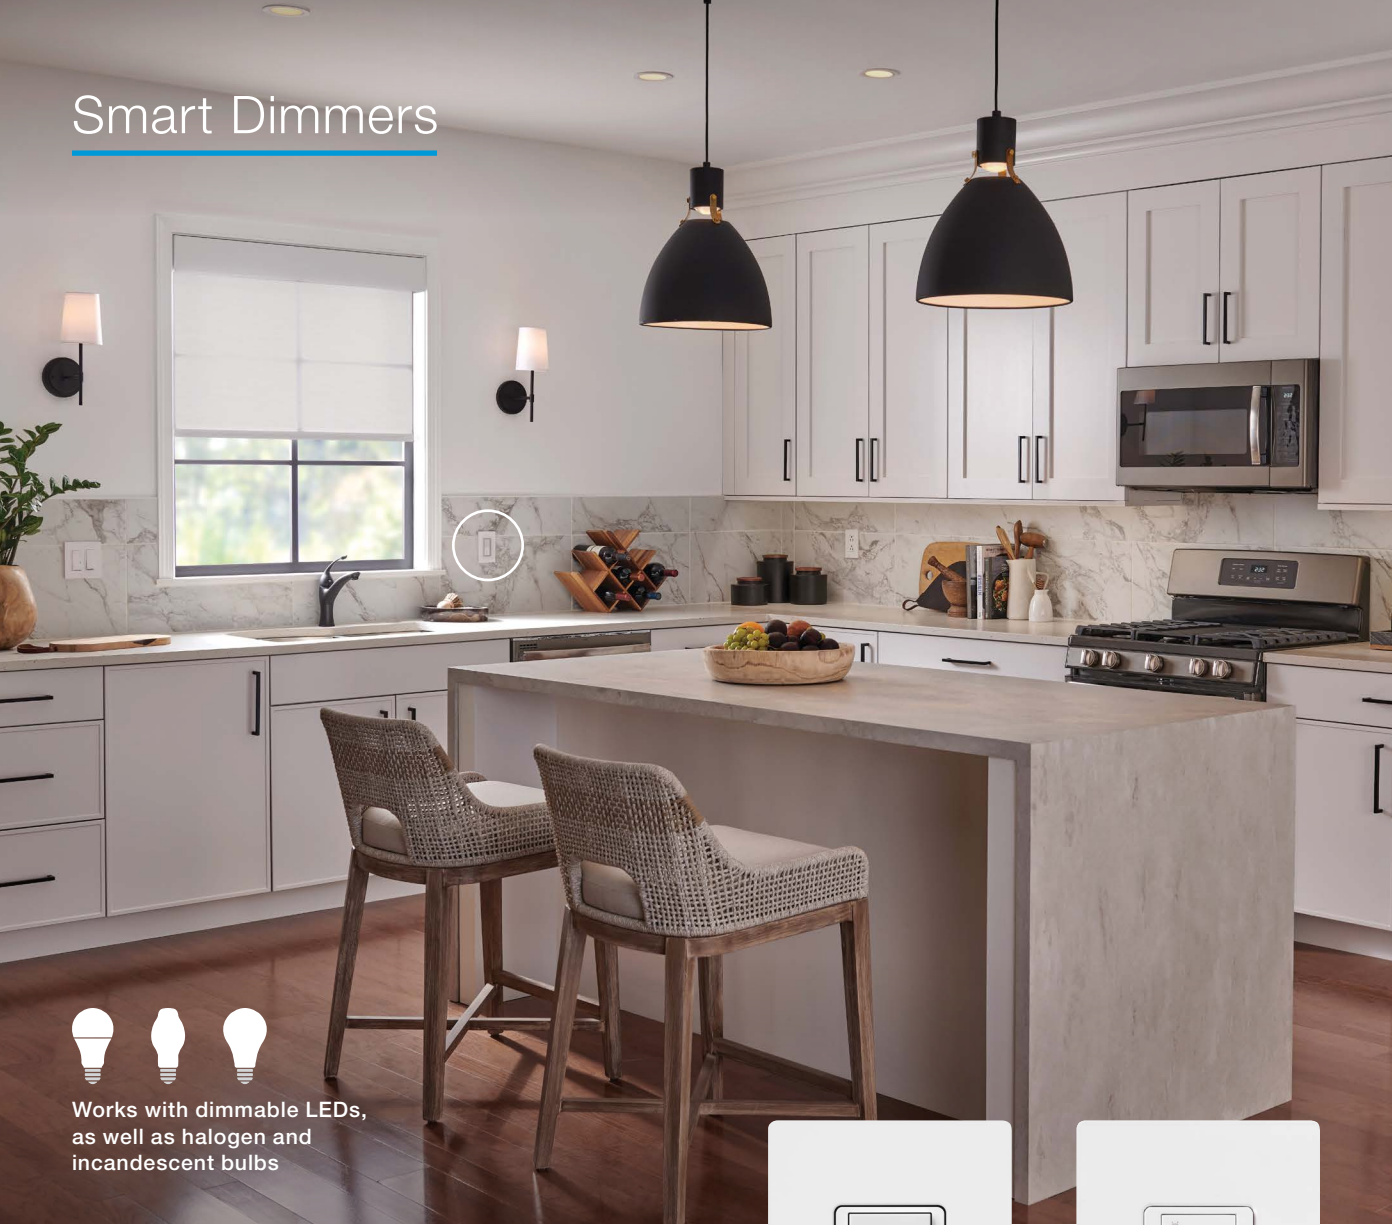

**Forget to turn off the lights?** Use the Lutron app to add auto-off timers to lights and fans so they turn off after a set amount of time. Perfect for bathrooms, garages, and laundry rooms.
