

# Sony BRAVIA Theater Bar 9

Powered 5.0.2-channel Dolby Atmos® sound bar with Bluetooth® and Apple AirPlay® 2

## Product info:

- Featured in articles: [Best Dolby Atmos sound bars for 2026](#)
- Powered sound bar with support for Dolby Atmos and DTS:X
- Designed to complement [Sony BRAVIA TVs](#)
- 13 built-in speakers powered by a built-in 585-watt amplifier
  - four front firing woofers and three front tweeters with a dedicated center channel
  - two side-firing woofers and two beam tweeters for surround effects
  - two up-firing drivers for overhead effects
  - four passive radiators for deep bass
- X-Balanced rectangular woofer design helps the front speakers, up-firing speakers, and side-firing speakers deliver punchier bass and better clarity
- 360 Spatial Sound Mapping: simulates multiple "phantom speakers" to make you feel like the sound is coming from every direction, using just the sound bar or with optional surrounds
- Integration with Sony BRAVIA TVs automatically adds your sound bar settings to the TV's Quick Settings menu
- Acoustic Center Sync 2.0 lets the bar and a compatible Sony BRAVIA TV work together to reproduce dialogue and other center channel sounds
  - requires an additional stereo mini connection (cable included)
- DSEE Ultimate™ uses artificial intelligence to upscale compressed digital files in real time
- 360 Reality Audio delivers an immersive music listening experience with compatible music streaming services (subscription may be required)
- Sound Field Optimization calibrates your sound to match the room, the bar's placement, and your listening position (requires BRAVIA Connect mobile app)

- compatible with optional [SA-RS3S](#) or [SA-RS5](#) wireless speaker kits for true surround sound (sold separately)
- compatible with optional [SA-SW3](#) or [SA-SW5](#) wireless subwoofers for powerful bass (sold separately)
- support for IMAX Enhanced via future update when paired with optional rear speakers and subwoofer (sold separately)
- plays high-res audio files

### **Smart features:**

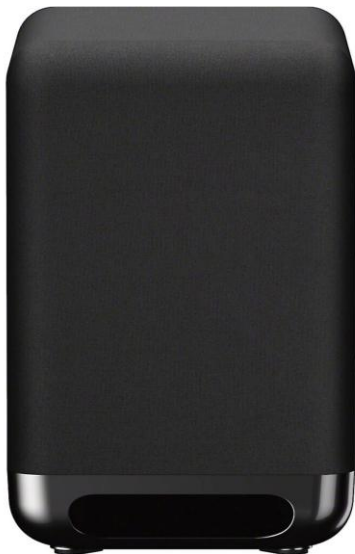

- control the sound bar, adjust your audio settings, and more with the Sony BRAVIA Connect mobile app
- built-in Wi-Fi and Bluetooth for wireless music streaming from compatible devices
- built-in Spotify® Connect for music streaming
- Apple AirPlay 2 lets you easily stream from iOS® devices

### **Connections, accessories, and general info:**

- 1 HDMI 2.1 input, 1 output
  - supports enhanced Audio Return Channel (eARC)
  - 8K/60Hz and 4K/120Hz video passthrough with support for Dolby Vision and HDR10
- HDMI passthrough supports gaming features like VRR (Variable Refresh Rate) and ALLM (Auto Low Latency)
  - perfect for PS5® — passthrough support for Auto HDR Tone Mapping and Auto Genre Picture Mode
- Includes remote control
- Dimensions (measured by Crutchfield): 51-1/4"W x 2-5/8"H x 4-7/16"D
- Weight: 12.3 lbs.
- Warranty: 1 year
